**I have read and agree to the program description, policies, terms and conditions on the Web site. A summary of terms is on the reverse side.**

Working with WebSwagger.com is easy; our terms, policies and conditions are summarized below. The complete terms are on our Web site at, [http://www.webswagger.com/terms\\_cond.html](http://www.webswagger.com/terms_cond.html)

WebSwagger Basic and Pro sites are database-driven programs used to build and manage your Web site and are owned by InGroup, Inc. We do not sell any software to you. We lease our Program to you and assist you in creating and maintaining your Web site on the Internet. Our customers have rights to any graphics or content stored on their Web sites. We will provide an .HTML site copy file for \$75 upon request. The site itself is non-transferable. All custom Web projects have no such restrictions and are transferable.

We reserve the right to remove any content or images that may violate the following: a) may be considered deceptive. (b) may be defamatory or libelous, lewd, or obscene. (c) may be racist, threatening, harassing, libelous or a violation of intellectual property laws. (d) promotes stolen, pirated or unlicensed copyrighted material. (e) violates any laws regarding unfair competition, anti-discrimination or false advertising. (f) contains viruses, Trojan horses, worms, time bombs, cancel bots or other similar harmful programming routines. (g) infringes on any third party copyright, patent, trademark, trade secret or other proprietary rights or right of publicity or privacy. (h) violates any applicable law, statute, ordinance or regulation.

We will provide you with secure, password-protected access to a client administration area from which you may update, add and remove items from your Web sub-pages. You are encouraged to keep your password private at all times.

We will not be held responsible for downtime or damages resulting from downtime.

We do not allow for the resale of our system by customers, nor do we sell the source code of the system.

We require an initial deposit of the set-up fee and first month of hosting to begin work. Any additional features will be quoted to you and billed prior to your site launch. Hosting fees are billed quarterly in advance or, can be paid 12-months in advance for a 5% savings. Set-up fees are non-refundable. Upon cancellation, any prepaid hosting will be prorated and reimbursed to you. Please note that non-payment may cause account suspension.

Hosting fees are \$40 per month and include site monitoring, e-mail, and 1/2 hour of text edits each month. Monthly site maintenance time may not be carry forward. Hosting fees commence once the site goes live —except in the case when you, the client, delay site progress beyond 60-days, in which case, the customer is responsible for a \$10 monthly hosting fee until the site progresses again and is made active/live.

We strive to complete projects within 30 business days. We will provide you with a creative and production schedule but dates may shift depending on your cooperation with us. Rush fees may apply to expedited schedules.
